The Knowledge Gurukul

**Knowledge is like water,
to be pure it should keep running!**

-His Holiness Maharishi Mahesh Yogi

Born on 12, January 1917 in Jabalpur in India, **Maharishi Mahesh Yogi** is one of the foremost teachers of meditation. Since he began teaching in transcendental meditation, movement witnessed a rapid growth and today Transcendental Meditation is being practiced by an estimated 10 million people worldwide. Consciousness based education introduced in 1955 by Maharishi Mahesh Yogi is unique in its ability to effectively develop the brain potential of every student. This method of education works on the concept of that regular practice of transcendental meditation awakens and integrates the total brain and automatically develops coherent develop brain functioning, bringing holistic benefits to all aspects of the students' life.

Maharishi Vidya Mandir Senior Secondary Schools

MVM Schools are one of the largest chain of schools in the country with their unique approach to holistic education. These schools have been established to introduce Maharishi's consciousness based education system in mainstream academics. MVM has 148 branches across 16 states of India.

The Promoters

Mathi Educational Trust

Mathi Educational Trust promotes educational excellence by investing in school infrastructure and student welfare. Since 2011, our collective of industrial and social leaders has worked to remove financial barriers through scholarships, ensuring a brighter future for all.

Trustees

Shri.M.S.Vadivelu, Founder & Managing Trustee Chairman-MVM

"Inspired by his mother, Mrs. Gandhimathi, he has channeled two decades of legendary success in the leather industry into a mission of service. A leader defined by humility and vision, his educational venture is a heartfelt commitment to giving back to society."

Mrs. V.Rajamani

She is wife of Shri.M.S Vadivelu who is the source of support. Her commitment to remove imbalance in education to usher in an egalitarian society is the motivation for the trust to strive its best.

Mr. V. Balasubramanian Secretary & Correspondent -MVM

A commerce graduate and successful entrepreneur, he is dedicated to implementing innovative, international teaching standards that ensure inclusive education.

Mr. V.Muthu Pandian Vice Chairman - MVM

An MBA graduate from SRM University, he applies advanced management techniques to ensure the institute's smooth and efficient operation.

About the school

The idea of Education

The purpose of education is to culture the mind of a man so that he can accomplish all his aims in life. Education to justify itself, should enable a man to use the full potential of his body, mind and spirit. It should also develop the ability to make the best use of his personality, surroundings and circumstances so that he may accomplish the maximum in life for himself and for others.

Maharishi Vidya Mandir - The Citadel of learning

"Maharishi Vidya Mandir is a comprehensive co-educational school dedicated to delivering quality education for students of all abilities. By fostering a healthy, positive environment free from negative influences, MVM ensures every student can fully capitalize on the educational opportunities offered."

Our Educational Milestones

Critical Thinking & Application

We strive to help students develop sharp analytical skills to succeed in a rigorous curriculum and successfully apply their learning to complex, real-world situations.

Multidimensional Communication

Our students learn to communicate effectively and with confidence across all platforms, including technological, written, and verbal expression.

Collaborative Excellence

We encourage students to develop strong, professional relationships with both staff and peers to work harmoniously toward achieving common academic and social goals.

Social Responsibility

We instill a sense of duty in our students, preparing them to act in a responsible manner and become active, positive contributors to a global society.

Integrity & Global Awareness

Students develop a deep awareness of the opportunities in our changing world while maintaining the highest standards of academic honesty and personal integrity.

Lifelong Leadership

We nurture young people to become self-motivated, life-long learners who are empowered to grow into the ethical citizens and visionary leaders of tomorrow.

Goal-Oriented Growth

Students learn to articulate the relevance of their classroom instruction by setting, pursuing, and achieving clear career paths and personal life goals.

MVM-A cut above the rest

At **MVM**, the classroom is a unique learning space. A compact class, further ensures that teachers and students have a close relationship with a special focus on individual learning. Within the classroom, lessons begin with an outline of learning objective and the criteria by which students will know if they have been successful or not.

Topics begin with a knowledge to harvest and set questions to be answered which are revisited at the end of the topic to see if all questions have been answered.

Lessons end with a discussion about learning that has just taken place and next lesson in subject begins with brief recap and link to current and future learning. This way, the classroom practice is student-centered to engage all students in learning.

Appropriate homework activities at periodic intervals, interspersed with projects, seminars and interactive sessions help consolidate learning across all areas. Highly qualified and committed teachers are carefully selected to make the curriculum accessible to each and every student. The Teachers are experienced and have been trained on 'Miracle Makers' (Teacher Training forum) based on the concept of NLP (National Learning Process) the No.1 Science forum personal excellence.

MVM Curriculum

The curriculum at **MVM** lays focus on students' humility, respect, integrity, empathy, confidence, teamwork, perseverance, accountability, and innovation all through the year with plenty of programmes and activities enabling them to shine in life as a responsible citizen. A multi dimensional approach in moulding the students help them nurture their intellectual potential and intrinsic talent thereby setting a successful path in the life journey. Through different facets of the scholastic programmes, a range of skills, attributes and values are built and nurtured in the students to ensure their holistic development.

Premier Infrastructure & Learning Environments

MVM School features a sprawling 4-acre, state-of-the-art campus thoughtfully designed to support both academic excellence and students' physical and mental well-being. Our modern infrastructure fosters innovation and creativity while providing a safe, well-equipped, and inspiring learning environment where students can thrive and achieve their full potential.

MVM Infrastructure

Modern Infrastructure: MVM School provides state-of-the-art infrastructure designed to support quality education and student development.

Spacious Campus: The school campus spreads across 4 acres, offering a large and comfortable learning environment.

Well-Ventilated Classrooms: Classrooms are designed with proper ventilation and natural lighting to create a healthy atmosphere for learning.

Fully Equipped Laboratories: The school has modern labs that allow students to perform experiments and gain practical knowledge.

Auditorium and Hall: A spacious auditorium is available for cultural programs, seminars, school functions, and events.

Advanced Computer Rooms: High-end GenNext computer labs with internet access help students develop digital and technological skills.

Extensive Sports Fields: Large sports grounds allow students to participate in various physical activities and sports.

Well-Maintained Gardens and Grounds: The campus includes beautiful gardens that create a pleasant and refreshing environment.

Landscaped Courtyard: A separate courtyard provides a relaxing and open space within the campus.

Playground: A safe playground is available for students to enjoy recreational activities.

Well-Equipped Library: The library contains a wide range of books and learning resources for reading and research.

Assembly Area: An enclosed space is provided for school assemblies, announcements, and gatherings.

Open Learning Spaces: Large open areas help create a calm and inspiring environment for students.

Extra Curricular Activities -
Valued engagement for assured future

Extra Curricular Activities

At **MVM**, we prioritize team spirit, leadership, and physical development through a wide range of extracurricular pursuits.

Creative & Physical:

Music, Sport, Dance, Debate, Martial Arts, and Scouts & Guides, School Club.

Wellness & Inner Growth:

Transcendental Meditation, Yogasanas, Pranayama, and Science of Creative Intelligence classes.

Laboratories

As laboratories provide hands on experience to the students who learn new things in a practical manner as they play an important role for the students with the available resource. The real experience in the laboratory will help the students to learn things in a better way and also helps in remembering for a long time. MVM has updated lab facilities be it, Chemistry Lab, Physics Lab, Biology Lab, Computer Lab, Math Lab, Composite Lab etc.

ART & DIGITAL LAB

Sports & Games

Sports play formidable role in students' overall growth and development. Playing various sports helps them with life skills such as teamwork, leadership, accountability, patience, and self-confidence and prepares them to take on life challenges. Physical and mental abilities are put to full use while playing to achieve the goal. In addition to their academic development, it is essential for every student to take part in sports to keep themselves fit, livewire and dynamic all through their life. **MVM** School attaches special importance to sports activities

Library

The school library is an essential part of the teaching and learning environment, providing students with access to knowledge, ideas, and resources that support academic growth and independent learning.

Key Highlights

- Well-stocked collection of books covering various subjects and interests
- Access to periodicals, journals, and reference materials
- Availability of digital learning resources and CDs
- Encourages reading habits, curiosity, and creativity
- Supports research, innovation, and problem-solving skills
- Contributes to students' academic excellence and overall development

Parent-Teacher Association

These meetings are scheduled with parents to discuss, interact and share in their child's progress on a regular basis, besides keeping them abreast with the School's policies. Parent involvement is essential to mould their ward to perform better in school.

This School provides a platform through which parents and staff stay connected round the clock. This level of confidence and transparency in all operations mirrors MVM's dedication in partnering with families from day one.

Amenities

MVM School provides top class amenities for the students and teachers. The school has the following facilities keeping in mind the well being of the students while in school.

RO Water | Hygienic Toilets
Airy Classrooms | Recreation
Scouts & Guides | School Clubs
